

NEW!

SoftWear[™] MEDICAL PROCEDURAL MASKS

Your Toughest Ally is *SoftWear*[™]

Designed for the front lines.

Introducing our latest disposable, high-performance medical procedural mask designed for today's standards: fluid resistance, high-filtration, easy-breathing and *comfort*.

The *SoftWear*[™] mask design difference:

- Ultra-soft inner layer
- Form-fitting nose piece
- Comfortable ear loops

Breathe easy ... it's Busse.

As a trusted brand in disposable medical devices for over 50 years, Busse is a proven industry leader offering precision manufacturing with strict adherence to the latest industry standards and guidelines.

The Busse brand difference:

- High Quality Standards
- FDA Registered
- ISO Certified
